Our conversations have been with DPR. It was DPR who indicated that OEHHHA might be working on changes, but either they haven't happened or we had incorrect information. We haven't had any discussions with OEHHHA.

I'll let Mike weigh in, but since DPR and OEHHHA are both part of CalEPA,

Subject: Draft Letter to California re: pesticide labeling and Proposition 65

A few weeks back, the OCSPP IO asked OPP to begin a conversation with California regarding the intersection of FIFRA pesticide labeling and California's Proposition 65 requirements. Working with OGC and California's Department of Pesticide Regulation, we have drafted the attached letter that could be used to initiate that conversation. Please let us know if you have any comments, questions, or concerns.
